Laryngoscope

NI-11-1001

Laryngoscope

Fig- 0, Fig- 1, Fig- 2, Fig- 3, Fig- 4

Laryngoscope

NI-11-1002

Laryngoscope

Fig- 0, Fig- 1, Fig- 2, Fig- 3, Fig- 4

Laryngoscope

NI-11-1003

Laryngoscope

Fig- 0, Fig- 1, Fig- 2, Fig- 3, Fig- 4

Laryngoscope

NI-11-1004

Laryngoscope

Fig- 0, Fig- 1, Fig- 2, Fig- 3, Fig- 4

Laryngoscope

NI-11-1005

Laryngoscope

Fig- 0, Fig- 1, Fig- 2, Fig- 3, Fig- 4

Laryngoscope

NI-11-1006

Laryngoscope

Fig- 0, Fig- 1, Fig- 2, Fig- 3, Fig- 4

Laryngoscope Set

NI-11-1007

Laryngoscope Set

Fig- 0, Fig- 1, Fig- 2, Fig- 3, Fig- 4

Laryngoscope Set

NI-11-1008

Laryngoscope

Fig- 0, Fig- 1, Fig- 2, Fig- 3, Fig- 4

Laryngoscope Blade

NI-12-1001

Laryngoscope Blade

Laryngoscope Blade

NI-12-1002

Laryngoscope Blade

Laryngoscope Blade

NI-12-1003

Laryngoscope Blade

Laryngoscope Blade

NI-12-1004

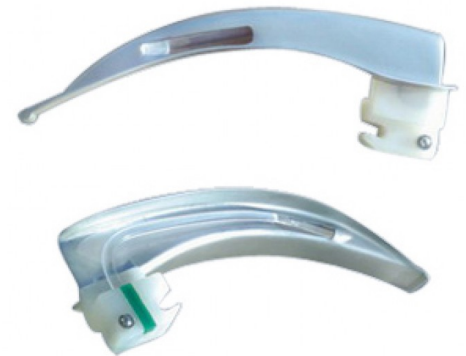

Single use conventional Laryngoscope blades MacIntosh made of 304 Grade Stainless Steel (Non-Magnetic) with plastic heal 2.5V lamp. This style is also available in Miller

Laryngoscope Blade

NI-12-1005

Economical MacIntosh Fiber optic Laryngoscope Blades. These blades are made of Grade 304 Stainless Steel (Non-Magnetic), fitted with plastic heal fitted with plastic Fiber Optic light guide.

Laryngoscope Blade

NI-12-1006

Single use MacIntosh Fiber optic Laryngoscope Blades. These blades are made of Grade 304 Stainless Steel (Non-Magnetic), fitted with plastic heal fitted with plastic Fiber Optic light guide.

Laryngoscope Blade

NI-12-1007

Reusable conventional Laryngoscope blades MacIntosh made of 304 Grade Stainless Steel (Non-Magnetic) with 2.5 V lamp

Laryngoscope Blade

NI-12-1008

Economical conventional Laryngoscope blades MacIntosh made of 304 Grade Stainless Steel (Non-Magnetic) with 2.5 V lamp.

This blade can be used as single use or reusable. Handle available for this blade is made of plastic & brass as indicated with one of the blade.

Otoscope

NI-13-1001

Otoscope, Lock fitting, brass chrome plated, double lens (lens x 1 & lens x 4), metal Pneumatic otoscopy port, 2.5V lamp, rheostt button, three black plastic reusable speculas.

Otoscope

NI-13-1002

Fiber Otoscope, Lock fitting, brass chrome plated, lens x 4, Plastic Pneumatic otoscopy port, 2.5V lamp, rheostt button, ine black plastic disposable speculas (3 each size) in a plastic case

Mini Otoscope Fiber Optics

NI-13-1008

Mini Fiber Optic Instrument FO illumination With Halogen Bulb Technology. Bright Light unobstructed view Insufflation portFor pneumatic testing of tympanic mobility Viewing window with 3x magnification and optimized casing surface for razor-sharp images and minimal reflection. Swivelling viewing window built into instrument. Attachment clip with integrated on/off switch. Replaceable batteries. Size AA, or optional rechargeable battery

Otoscope

NI-13-1003

Pin contact / Screw fitting, brass chrome plated, double lens (lens- x1 & lens x 4), metal Pneumatic otoscopy port, 2.5V lamp, rheostsat button, three black plastic reusable speculas

Metal Body Otoscopes

NI-13-1004

Standard Insufflation portFor pneumatic testing of tympanic mobility Viewing window with 3x magnification and optimized casing surface for razor-sharp images and minimal reflection. Swivelling viewing window built into instrument. Attachment clip with integrated on/off switch. Replaceable batteries. Size AA, or optional rechargeable battery

Metal Body Otoscope

NI-13-1005

Standard Insufflation port for pneumatic testing of tympanic mobility Viewing window with 3x magnification and optimized casing surface for razor-sharp images and minimal reflection. Swivelling viewing window built into instrument. Attachment clip with integrated on/off switch. Replaceable batteries. Size AA, or optional rechargeable battery

Mini Otoscope Fiber Optics

NI-13-1006

Mini Fiber Optic Instrument FO illumination With Halogen Bulb Technology. Bright Light unobstructed view Insufflation port For pneumatic testing of tympanic mobility Viewing window with 3x magnification and optimized casing surface for razor-sharp images and minimal reflection. Swivelling viewing window built into instrument. Attachment clip with integrated on/off switch. Replaceable batteries. Size AA, or optional rechargeable battery

Mini Otoscope Fiber Optics

NI-13-1007

Mini Fiber Optic Instrument FO illumination With Halogen Bulb Technology. Bright Light unobstructed view Insufflation port For pneumatic testing of tympanic mobility Viewing window with 3x magnification and optimized casing surface for razor-sharp images and minimal reflection. Swivelling viewing window built into instrument. Attachment clip with integrated on/off switch. Replaceable batteries. Size AA, or optional rechargeable battery

Stuby Battery Handle

NI-14-1001

Stuby Battery Handle for Fiber Optic Laryngoscope to accommodate C-size Battery cells. The handles are fitted with Halogen lamp. The handles are made of Brass chorme plated

Battery Handle

NI-14-1002

Battery Handle for Fiber Optic Laryngoscope to accommodate C-size Battery cells. The handles are fitted with Halogen lamp. The handles are made of Brass chorme plated

Battery Handle

NI-14-1003

Battery Handle for Fiber Optic Laryngoscope to accommodate AA-size Battery cells. The handles are fitted with Halogen lamp. The handles are made of Brass chorme plated

Battery Handle

NI-14-1004

Battery Handle for Fiber Optic Laryngoscope to accommodate AA-size Battery cells. The handles are fitted with Halogen lamp. The handles are made of Brass chorme plated& plastic

Extra Economical Handle

NI-14-1005

Extra Economical Handle for conventional Laryngoscope blades made of brass chorme plated. Two AA size battery cells are accomodated.

Extra Economical Handle

NI-14-1006

Extra Economical Handle for conventional Laryngoscope blades made of brass chorme plated & plastic Two AA size battery cells are accomodated.

Heavy Duty Handle

NI-14-1007

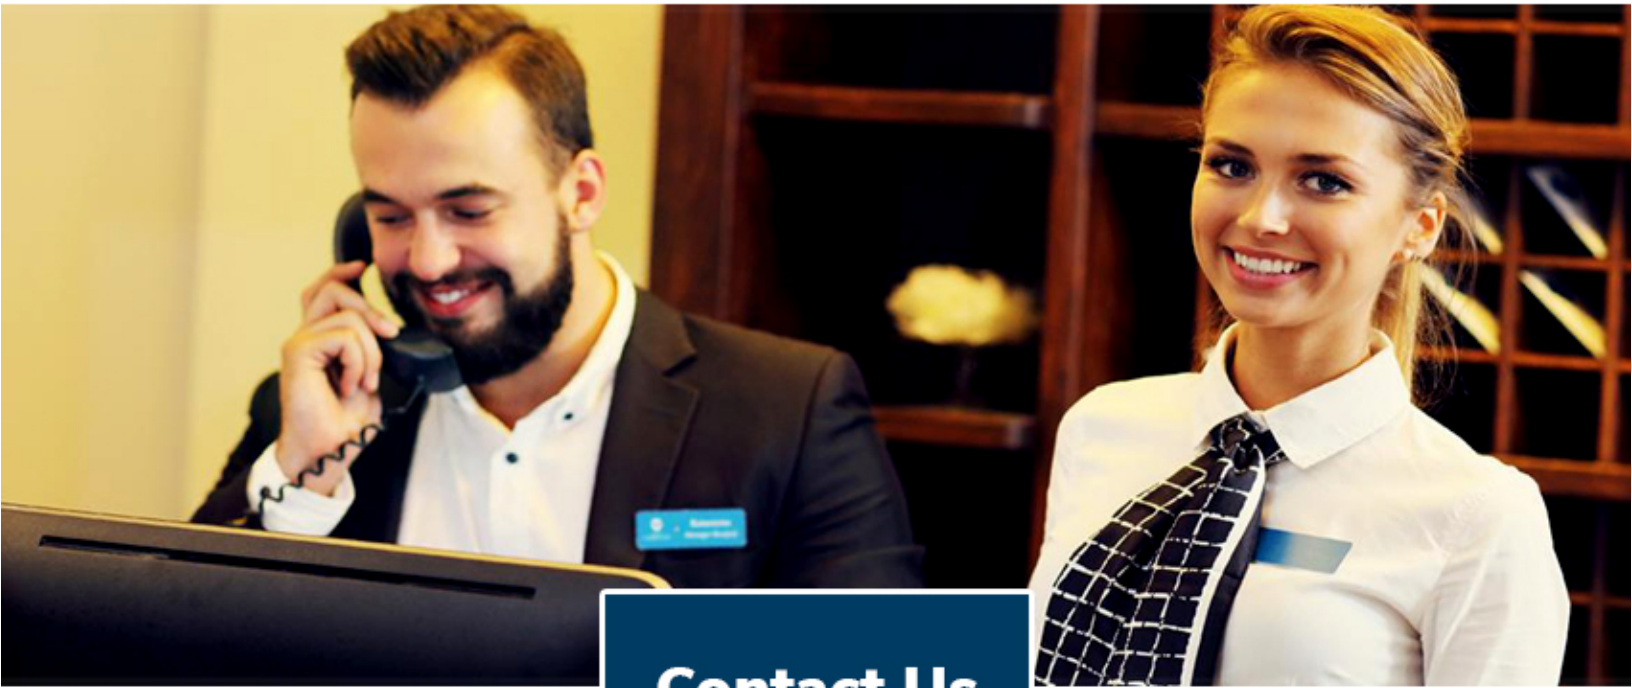

Heavy Duty Handle for conventional Laryngoscope blades made of brass chrome plated. Two C size battery cells are accommodated.

Light Weight Handle

NI-14-1008

Light Weight Handle for conventional Laryngoscope blades made of brass chrome plated. Two C size battery cells are accommodated.
